

## **SRS Hires Senior Bermuda Broker, Launches SRS Access**

**HAMILTON, BERMUDA, June 1, 2004** – Strategic Risk Solutions (SRS), is pleased to announce the appointment of David Holmes as a Director of SRS Access, its wholesale brokerage subsidiary located in Bermuda.

Mr. Holmes has over 25 years experience in the Bermuda insurance industry. Prior to joining SRS Access, he was Vice President Property and Casualty for Willis Bermuda, placing insurance into the Bermuda market for US Fortune 1000 accounts, European and South African clients. He also spent 12 years with Marsh Global Markets in Bermuda with responsibility for placing excess casualty programs into the Bermuda Market on behalf of Marsh's worldwide clients. Mr. Holmes started his career as an underwriter for Exxon Insurance services developing experience in captives and the underwriting of energy and transportation risks.

With the hiring of David Holmes, SRS formally launched SRS Access as an operating subsidiary. SRS Access was formed as a complementary service to SRS's core captive management services and to fulfill the need for a truly independent brokerage option in the Bermuda market. SRS has strong relationships with U.S. regional brokers and an excellent reputation for delivering high quality captive management and consulting services. SRS Access will bring the same level of service to its wholesale brokerage activities. The company is committed to being the premier broker in Bermuda delivering the highest quality of service in the market.

### **About Strategic Risk Solutions (SRS)**

SRS is a leading provider of underwriting, management and brokerage services in the alternative risk marketplace. Working predominately through retail brokers, SRS has designed and implemented numerous captive, finite risk and other ART programs for Fortune 500 companies, private corporations, groups and associations. Founded in 1993, SRS is headquartered in Waltham, MA with offices in Bermuda, the Cayman Islands, Orlando, Vermont, Arizona, and South Carolina.
