About SRS

Whether helping with capital optimization, expansion advisories, or innovatively structuring commercial and alternative market insurance, we lead with trust and quality.

Who We Are

The client experience we can provide is due to the dedication, expertise, and depth of our account teams.

We prioritize bringing on board the industry's most seasoned insurance professionals. Many within our ranks are shareholders, reinforcing a client-centric culture where the interests of our team mirror those we work with.

Beyond our commitment to our people and clients, we pride ourselves on being innovative leaders within the industry.

What We Do

SRS provides client-focused management and consulting services to the insurance and alternative risk financing industry. We have built an industry-leading position in the US, Europe, and offshore captive insurance market, providing services to:

- Single Parent Captives
- Cell Captives
- Group Captives
- Risk Retention Groups

Setting You Up For Success

SRS actuarial services can offer a range of solutions, suited to your specific needs and domicile requirements. We work with captives, (re)insurance companies and organisations, we build a team of experts to support you.

Working closely with your brokers, underwriters, and insurance managers, our experts deliver tailored actuarial services based on your business needs.

How we set you up for success:

- > Robust and sophisticated approach
- > Insight from data analytics
- > Powerful modelling capabilities
- > Evaluation of alternative risk strategies
- > Insight to support board decisions
- > Tailored results and communication

We provide you with the information you need to succeed.

Services Available

Our actuarial services are tailored to each client's requirements.

We can engage in one-off or regular support of **Core Actuarial Disciplines**.

- Pricing Studies
- Loss Reserving
- Capital Modelling

For new and growing portfolios, we have in-house actuarial tools to support you with projections of financial statements under Solvency II and Guernsey capital requirements.

Our team can support your **Actuarial Regulatory Requirements**.

- Operate as Actuarial Function required by local regulators
- Perform Solvency calculations
- Produce actuarial reporting requirements

Our international team has a wealth of experience with different engagements across Europe, Canada, Bermuda, Barbados and the Cayman Islands.

Our **Specialty Services**.

- Captive Feasibility and Risk Optimising Studies
- Alternative Risk Finance solutions including Structured Reinsurance
- IFRS 17 Consulting

Our specialty services are always evolving with the changing needs of the market. If your business has a need, please reach out to discuss.

Building Your Team

The Industry's Best Working for You

At SRS we have a global reach with local experts. We appreciate the intricacies of each location's regulatory requirements and can provide streamlined reporting using our range of bespoke in-house tools. Our actuarial teams have years of experience in supporting clients across various industries with a wide range of risk profiles.
