insurance entities

Because we are privately held, we're broker neutral. This removes any conflict of interest from commercial market solutions.

SRS Cayman is unrivalled when it comes to the experience of our service team. Currently there are three managing directors that combined have more than 80 years of (re)insurance experience. We also have five directors who, collectively, have 65 years of experience. You can be assured that with these people in place, there is a succession plan for your insurance entity.

My SRS Cayman team is the most knowledgeable and professional in the business! Their preparation for board meetings and financial statements is impeccable. They anticipate the needs of our auditors and the regulator, so that we always remain ahead with respect to regulatory compliance. And when it comes to being the most gracious and thoughtful hosts, they are the very best!

- 2024 Client Survey

SRS conducts an annual client survey to receive feedback on what we're doing well and where we can improve. On a scale of 1-5 (5 being the highest level of satisfaction) our staff consistently hits the mark.

Strategic Risk Solutions

Our Mission

We empower your business, giving you control and leverage over your risk with tailored and flexible coverage options. SRS sets the standard for innovation, trust, and client success within the global captive industry. We envision a future where businesses like yours operate with confidence and are fully equipped to turn risks into strategic advantages.

Consistent in delivering top-tier services and exceeding client expectations has been our hallmark since inception. This commitment led us to develop processes audited under SSAE18 and ISO 27001 for our insurance management services. Having had a unique position as an independently owned entity helped us foster collaborations across the insurance spectrum. Our history primed us for partnership, and we always value the relationships we share with partners and clients. Our greatest asset is our people.

Our Impact

SRS provides client-focused management and consulting services to the insurance and alternative risk financing industry. We have built an industry-leading position in North America, Europe, South America, and offshore captive insurance markets including Bermuda, Cayman, and Barbados providing services to:

- Single Parent Captive
- Cell Captives
- Agency Captives
- Commercial (Re)Insurers
- Group Captives
- Risk Retention Groups
- Insurance Linked Securities
