## A Strategic Captive Hub in Southern Europe

### SRS Italy

The Italian Captive market is in its infancy. Right now, current laws regulate captives under the same legislation as traditional carriers.

Istituto per la Vigilanza sulle Assicurazioni (IVASS), and Italian authorities are eager on bringing captives which belong to Italian businesses to Italy, but because there are no regulatory adjustments in Italy yet, in the past had been established elsewhere.

With captives being relatively new to Italy, SRS is already gaining experience as the captive manager servicing the first established Italian captive insurer beginning in January of 2024.

#### Regulation

- Regulator: Istituto per la Vigilanza sulle Assicurazioni (IVASS)
- Minimum Capital Requirement: MCR (solvency requirement) would stand at €2.5m for general business. Life insurance requires a higher MCR.
- Reporting Frequency: Quarterly (in line with Solvency II regulations)

#### Licensing

- Process: Initial IVASS consultation, formal application process including a 3-year business plan of operations, and details of

people involved to ascertain their fitness and properness.

- Duration: ~90 days depending on responsiveness of applicant and case-specific matters

#### Captive Statistics

- Number of Captives Licensed: As of year-end 2024 Italy had established three captives\*. The first Italian captive was licensed in 2023, set to begin operations on January 1, 2024.
